National Home Gardening Club, PO Box 3416, Minnetonka, MN 55343

Dear Club Member,

We gardeners are a funny bunch. While other tourists are lying on the beach or shopping for souvenirs, we're wandering through public gardens and learning as much as we can about the plant life at our vacation destination. And when we get home, we're likely to fill our albums with as many photos of plants as people!

That's why I'm so happy to bring you this updated version of the Directory of Public Gardens, an exclusive benefit for members of the National Home Gardening Club. For our 10th edition, we've listed over 300 public gardens, complete with a photo section to show you the special beauty of these delightful destinations. You'll also find Web sites for farmers' markets throughout the United States and Canada. Whether you're looking for a garden in Ontario or Oklahoma or anywhere in between, you'll find plenty of choices in this guide.

Of course, vacations aren't the only great time to visit public gardens. Chances are, you probably have some wonderful public gardens in your own backyard that are just waiting to be explored. Bring your camera to capture new plants you haven't seen before, and don't forget a notebook to jot down interesting combinations that might look stunning in your own garden. While you're at it, pack a picnic, spread out a blanket, and relax in the beautiful surroundings.

Public gardens are more than just pretty places to stroll. Many have classes and seminars to help you expand your knowledge, gift shops where you can buy unique garden gear, and restaurants with views of nature's splendor. They also make a perfect backdrop for weddings and other special occasions.

Each listing in this directory gives you updated information, but we suggest you call ahead or check the garden's Web site to verify hours and fees. In some cases, your Club membership card will give you discounts on admissions, gift shop purchases, or other services. (If you've misplaced your membership card, call Member Services at 800-324-8454 or e-mail memberservices@gardeningclub.com to get a new one.)

We hope you'll use this handy guide to help you enjoy all the wonderful public gardens in the United States and Canada—and expand your love of gardening in the process!

Happy gardening!

Awakening formulates unique, mineral-rich, skin care products for people who hate skin care products. Our creams typically will absorb into the skin within 40-seconds of application to be neither greasy nor sticky. The products are naturally healing for skin thanks to our use of natural potassium (a hydrator) and magnesium (a healing anti-allergen). The aromas are what we call “NonFruFru” that is, nothing floral or fruity. Awakening HANDS is ideal for gardening, since it will endure through two or three hand washings. The aroma of HANDS is a blend of ginger, cinnamon and myrrh. We don’t leave much to the imagination: HANDS is for hands, FEET is for feet, SKIN is for skin, etc.!
